FINDINGS OF FACT AND CONCLUSIONS OF LAW

These matters come before the Zoning Commissioner on a combined public hearing for Petitions for Variance for three adjacent properties, collectively known as 314 Lennox Avenue in east Towson. The Petitions were filed by Oliver H. Moaney, Legal Owner, and Rita C. Putty, Contract Purchaser. Variance relief is requested from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (BCZR) to permit side yard setbacks of 5 ft. 6" in lieu of the required 10 ft. for a proposed dwelling on each lot. The subject properties and requested relief are more particularly shown on the plats which were attached to each Petition, marked as Petitioners' Exhibit #1. The single zoning hearing held for the combined three

ORDER RECEIVED FOR FILING
Date 9/24/98
By M. J. [Signature]

Petitions was duly advertised and posted as required by the Baltimore County Code.

Appearing at the public hearing held was Rita C. Putty, Contract Purchaser. There were no Protestants or interested persons present:

Testimony and evidence presented was that the subject properties are collectively known as 314 Lennox Avenue. Presently, the three properties are unimproved, however, at one time there existed a single story dwelling on one of the lots. At that time, the other two lots were used as a yard area. The lots are shown in the subdivision plat of Goff Plains as lots 19, 20 and 21. Each lot is roughly rectangular in shape and approximately 1/10th of an acre in area. The lots are each 35 ft. wide and range in depth from approximately 120 to 130 ft. The lots are zoned D.R.10.5.

Mrs. Putty is under contract to purchase the lots and proposes to develop each with a single family dwelling. As shown on the site plan, the building envelopes will be 24 ft. wide and approximately 32 ft. deep. Apparently, prior to her entering into the contract to purchase the lots, Mrs. Putty spoke with the representatives of the Office of Planning, the Office of Community Conservation for Baltimore County, and the Northeast Towson Improvement Association. Collectively, these organizations and agencies support the Petitioner's plans. It was indicated at the hearing that those organizations believe that the Petitioner's plans are consistent with the goals of the Towson Community Plan in that the Petitioner proposes constructing single family homes (as opposed to duplexes or townhouses) on the lots. The Zoning Plans Advisory Committee (ZAC) comment from the Office of Planning also indicates that Mrs. Putty has agreed to adhere to the design criteria in the Community Plan and provide elevation drawings for review and approval prior to the issuance of any permits.

Based upon the testimony and evidence offered, all of which was uncontradicted, I am persuaded to grant the Petitions for Variance. I find that the Petitions satisfy the requirements for relief under Section 307 of the BCZR, as construed by the case law.

Pursuant to the advertisement, posting of the property, and public hearing on these Petitions held, and for the reasons given above, the relief requested should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 21st day of August 1998 that a variance from Section 1B02.3.C.1 of the BCZR to permit side yard setbacks of 5 ft. 6", in lieu of the required 10 ft., for a proposed dwelling on each lot, be and is hereby GRANTED, subject, however, to the following restrictions:

1. The Petitioner is hereby made aware that proceeding at this time is at her own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioner would be required to return, and be responsible for returning, said property to its original condition.

2. The Petitioner shall submit to the Office of Planning, for review and approval, prior to the issuance of any building permits, elevation drawings and other information as may be necessary to ensure compliance with the design criteria of the Towson Community Plan.

SUMMARY OF RECOMMENDATIONS:

Lenwood Johnson, Community Planner, met with the president of the Northeast Towson Improvement Association, Mrs. Adelaide W. Bentley, to discuss the proposed building of three detached houses on the now vacant lot identified as 314 Lennox Avenue.

Mrs. Bentley and the contract purchaser, Mrs. Rita C. Putty, have met to discuss the proposed development. Mrs. Bentley and her community organization supports the plan. She as well as the Office of Planning have made Mrs. Putty aware that any new housing constructed in East Towson must adhere to design criteria set forth in the adopted Towson Community Plan (adopted by the County Council in 1992). Mrs. Putty has agreed to adhere to the design criteria and provide for review, prior to approval, elevation drawings for review and approval prior to the issuance of any permits.

The 314 Lennox Avenue Plat is a rectangularly shaped lot of approximately 1/3 acre and zoned DR 10.5.

The 314 Lennox Avenue site if built upon according to the proposed plan would be developed slightly under its allowable density.

The Office of Planning is willing to support the proposed plan, provided the design and all other criteria are met.

If there should be any questions or if additional information is needed, please contact Lenwood Johnson at 410-887-3480.
